Vent-A-Hood Debuts New Booth at K/BIS in Las Vegas

RICHARDSON, Texas - (April XX, 2007) – Vent-A-Hood, the company that created the modern residential range hood, has updated the look of its booth and increased its floor space to accommodate the growing number of products it will showcase at the 2007 Kitchen and Bath Industry Show, May 8 -10, in Las Vegas.

“We’ve got a lot to promote this year, including a contemporary series line of range hoods that is in full production,” said Blake Woodall, director of sales for Vent-A-Hood.

A new addition to this year’s booth will include a retrospective look at the company, as Vent-A-Hood prepares to celebrate its 75th anniversary in 2008.

“We’ve helped define our industry for more than seven decades, and this is a chance to celebrate some of our greatest achievements,” Woodall said.

Vent-A-Hood will be located at booth number N2737 in the North Hall of the Las Vegas Convention Center.

About Vent-A-Hood:

Founded in 1933, Vent-A-Hood, based in Richardson, Texas, is the oldest manufacturer of residential range hoods in America. Each product manufactured by Vent-A-Hood is individually engineered for performance in addition to style. Vent-A-Hood products are sold in all 50 states as well as Canada.
