

the new best-in-class
4-phase air recovery system
by vent-a-hood

From the creators of kitchen ventilation comes a new idea in duct-free hoods – the Air Recovery System. Utilizing a proprietary 4 phase technology, Vent-A-Hood's ARS series is ideal for light residential cooking where venting is not possible. They're powerful, quiet, efficient, easy to maintain, and, because they're duct-free, they offer unlimited design freedom.
